

# DISPEC

**Scientific exploitation of space Data for improved  
Ionospheric SPECification**

**Welcome & Opening**

**Anna Belehaki  
National Observatory of Athens**

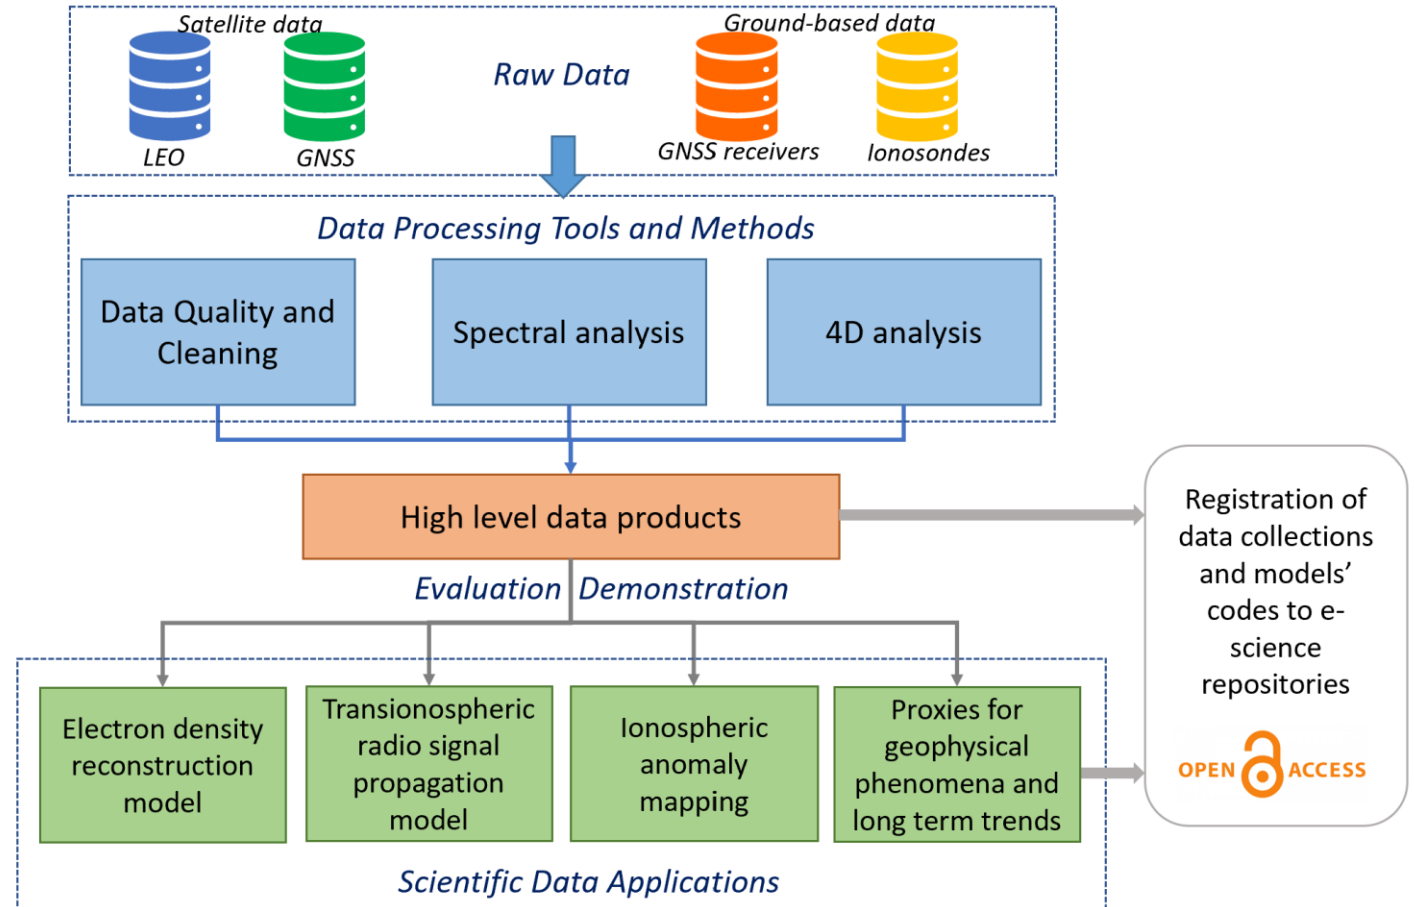

**DISPEC Third  
Networking Meeting  
11 December 2025  
Toulouse, France**

# Objectives of the DISPEC project

DISPEC jointly processes space- and ground-based observations to deliver high-quality data products and explore long-term ionospheric trends linked to atmospheric dynamics space weather and geophysical phenomena.

The resulting open-access methodologies and data products invite active involvement from users, innovators, and stakeholders to ensure practical impact and scientific excellence.

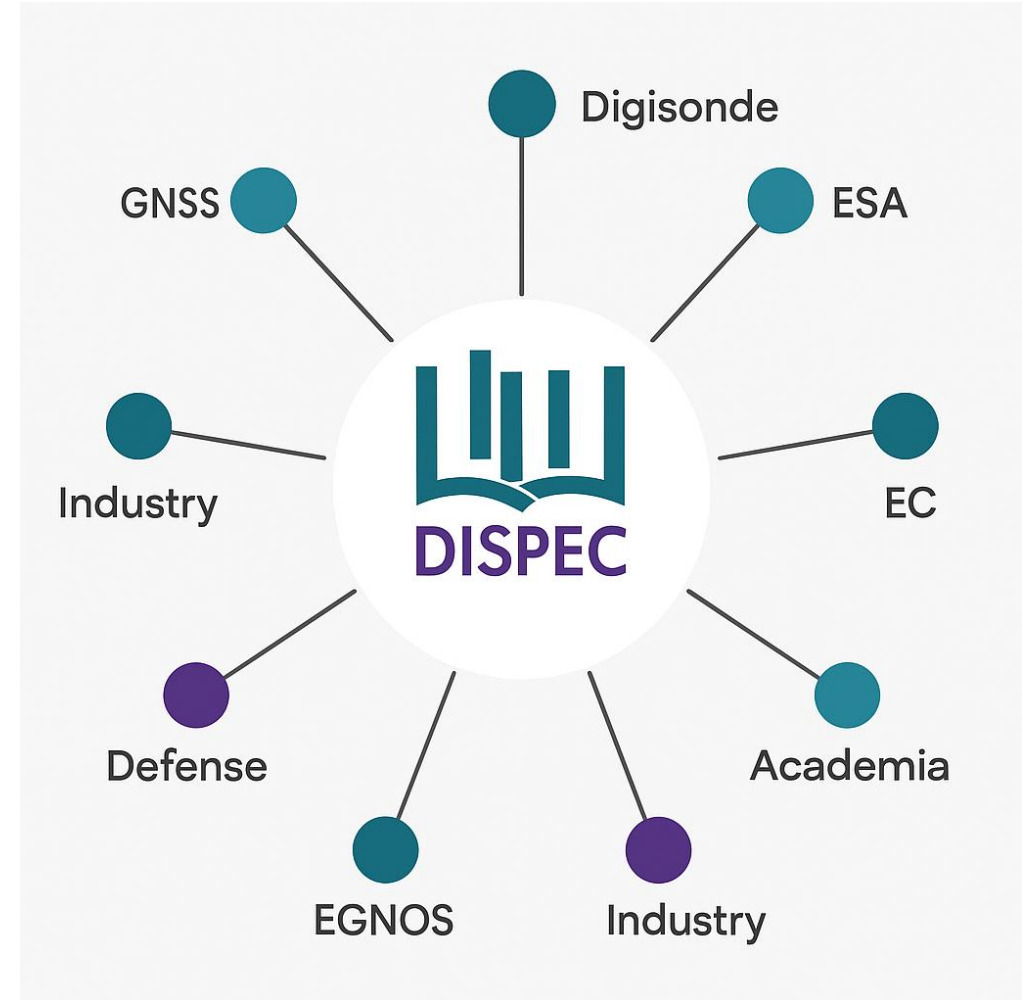

# The goals of the meeting

The goal of the DISPEC Third Networking Meeting is to:

- demonstrate the newly developed high-level products & project specific capabilities
- receive feedback on potential exploitation.

The meeting will address technical, policy, organisational and sustainability issues. Specific topics:

- Data Availability & Observation Priorities
- Operational Impact of Ionospheric Disturbances
- Integration and Usability of DISPEC Products
- AI & Predictive Modelling
- Long-Term Needs, Standards & Sustainability

# Agenda

## [1] Welcome & Opening

10:30     10:45

- Introduction by project coordinator and Objectives of the meeting.

## [2] DISPEC Key Outcomes

10:45     11:45

- Presentation by the DISPEC team members of the methodologies that lead to the high-level data products derivation
- DISPEC Demonstrator

## [3A] Keynote and Stakeholder Fusion Session - Part A

11:45     12:45

- Presentation of 4 topics by external experts

12:45     13:30     Networking Lunch Break

## [3B] Keynote and Stakeholder Fusion Session - Part B

13:30     13:50

Stakeholder Pitches, Short (5–7 min) presentations

## [4] Round Table Discussion

13:50     14:50

14:50     15:05     Coffee Break

## [5] Next Steps & Closing

15:05     15:30

Summarise networking outcomes ; Outline roadmap for stakeholder engagement within DISPEC

---

# Thank you for your attention!
