

# DISPEC Training School

21-25 September 2026

CIHEAM-MAICh, Chania, Crete, Greece

## Training School

“Scientific exploitation of space **Data** for improved  
Ionospheric **SPEC**ification”

21-25 September 2026

CIHEAM-MAICh, Chania, Crete, Greece

Dear colleagues,

We are pleased to announce that applications are currently being accepted for the **DISPEC Training School**, organised within the *“Scientific exploitation of space Data for improved Ionospheric SPECification (DISPEC)”* Horizon Europe project.

This 5-day, in-person school will bring together MSc/PhD students and early-career researchers for an intensive programme of expert lectures, hands-on hackathon sessions, and networking within the ionospheric and space weather research community.

 **21–25 September 2026**

 **CIHEAM-MAICh, Chania, Crete, Greece**

 **Accommodation and full board are covered** for all selected participants (travel expenses not included).

## 🎓 ESA Academy Scholarship

A limited number of ESA Academy scholarships are available for eligible students through the ESA Academy Short Course Scholarship Programme.

🔍 **Full details, eligibility criteria, and application procedure** are available at: <https://dispec.eu/activities-results/training/dispec-training-school>.

Applications close on **30 April 2026**. Please feel free to contact us with any questions and to share this announcement with potentially interested students and colleagues.

Best regards,  
The DISPEC Consortium
